

ST1 / ST1S 7 ST Sandblasting gun

ST1

- Sandblasting gun with container
- Suitable for small jobs

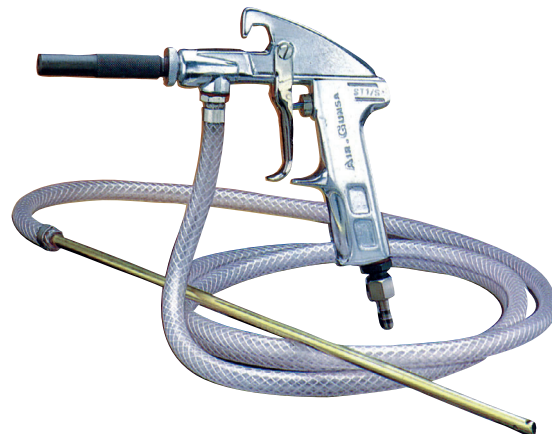

Air joint	G 1/4" M
 Total weight	780
 Air consumption	318 l/min a 6 bar
Container capacity	1 litre
 Fluid nozzle diameter available	5.0 mm
Treated steel (highly resistant to wear) outer fluid nozzle	
Fluid nozzle (extension type, adjustable)	
Treated steel inner fluid nozzle	

ST1 S

- Self-priming sandblasting gun
- Suitable for treating medium-small areas

Sand suction hose length	3 m
 Total weight	810

ST

- Self-priming sandblasting gun
- Suitable for treating large areas

Air joint	G 1/4" M
 Total weight	1020
 Air consumption	315 l/min a 6 bar
Sand suction hose length	1.5 m
 Fluid nozzle diameter available	5.0 mm and 5.6 mm
Treated steel inner fluid nozzle	
Treated steel (highly resistant to wear) outer fluid nozzle
