

Technical Data Sheet

General

Article number: 6861
Description: Colad Light and Window Wrap

Specification:

A transparent, protective 4 layer film to protect your booth lights and windows. Easy to remove by simply peeling off the layers one by one. 1 roll = 19 m².

Features & Benefits

- Keeps your lights and windows clean
- Easy to remove by peeling off the layers one by one
- Easy to apply by hand

Also very efficient and effective to use in combination with Colad Blizzard White (Art. no. 8145).

Technical Specification:

| | |
|-------------------------|---|
| Colour | Transparent |
| Content | 1 roll |
| Packaging Unit | 1 piece |
| Material | Polypropylene (PP) (Antistatic), with adhesive properties |
| Melting temperature | 120°C |
| Thickness | 220 micron |
| Application temperature | Between 15 and 40°C |
| Store | Preferably at 20°C |
| Shelf Life | 2 years |
| Size | 46 cm x 42 m (length) |

Preparation and Application:

- Apply to new or freshly repainted booth.
- Make sure the windows and lights are clean and grease free.
- Small wrinkles and bubbles could cause losing adhesion properties.
- Film is treated for paint-adhesion.
- Remove by peeling the film from the wall layer by layer. Remove one layer after 250 booth cycles or 3 months, whichever comes first.
- It will be quite some time before you have used up all 4 layers of the film and need to reapply it.
- Easily removed without adhesive transferring.
- Perfectly in combination with Colad Blizzard White.
