

Dent Puller Kit 34pc

A hand-operated dent puller, designed to enable small dents and dings in vehicle bodywork to be reduced without causing damage to the paintwork. The kit includes two pairs of adjustable feet (or pull plates) allowing for 30° of movement, with the longer of them featuring three mounting points enabling the puller to be stabilised in a greater number of positions. Suitable for use with hot melt glue gun, as part of a paintless dent repair.

Additional Information

- Ideal for small dent repairs without causing damage to paintwork.
- Kit includes: 28 assorted glue pads. 2 sets of adjustable feet.
- Also includes a hole straightener, repair & compress the edges of holes in bodywork panels.
- Suitable for use with Power-TEC Gluematic Glue Gun, Part No. 91237 & glue sticks, Part No. 92342.
- For the removal of the glue after use, please see Power-TEC Hot Melt Glue Remover, Part No. 92341.
