

TECHNICAL SHEET
DRF 05 – 10

Description

DRF is a dust removal file. Used to remove dust inclusions and other surface imperfections in thoroughly cured paint work. This product is easy to manage and control. Due to the threaded cord, a correct angle is provided for working on a high-gloss surface. Made from carbide steel, which is very durable and high-strength.

Dimensions

- DRF 05 : 42mm x 28mm
- DRF 10 : 30mm x 25mm

How to use

- With our DRF50 application handle. This has a magnet inside to keep the dust removal file fixed during application.
- With use of the included cord, that provides a correct angle to top off the dust particles, or paint runners.

Video in link shows how to use the product:
