Self-Piercing Rivet Gun Kit Cordless

A portable cordless electro-hydraulic riveting tool that utilises a combination of electrical power to drive a hydraulic force to fit self-piercing rivets. The kit also features 2x 18v batteries and a mains charger with 3-pin standard UK mains plug, together with a set of rivet removal attachments to remove old or defective rivets without the need for drilling, and it all comes supplied in a robust plastic storage case.

Additional Information

- Designed to quickly & efficiently fit steel self-piercing rivets to the manufacturers recommended pressure, together with the removal of old or defective rivets.
- Variable piston speed control. Fast motor stop for user safety. Fitted with a safety valve to prevent overload. Automatic and manual reset. LED digital display to show pressure values, temperature & battery state.
- Working pressure: 30-60KN. Travel: 15mm, Charge time: 2-2.5hr. Weight: 11Kg.
- Supplied with 2x 18V batteries & 1x battery charger (UK mains plug). For EU mains charger please see Power-TEC Part No. 62884.
- Also features a rotating yoke for better access. For a deeper throat yoke, please see Power-TEC Part No. 62883. CE, UKCA & RoHS compliant.
